

Independent Event Producers

January 31, 2019: Independent Event Producers is excited to announce a newly formed partnership between the IEP and 5678solutions.

5678solutions, an Oklahoma based company that creates affordable banners and backdrops for the Cheer and Dance community.

"After selling my cheerleading gym that had been open for 21 years in 2017, I opened 5678 Solutions. I had been getting my own award banners and backdrops for my summer camp company since 2009, and for my all star gym for the previous 4 years before I sold my gym. I noticed the cost of these products to be high from other companies, so I found a manufacturer, and started purchasing artwork for these items that I needed for my camp company and my cheerleading gym. Since then I have started doing the artwork on my own and providing a quality product for an affordable price," owner Craig Hallmark says.
